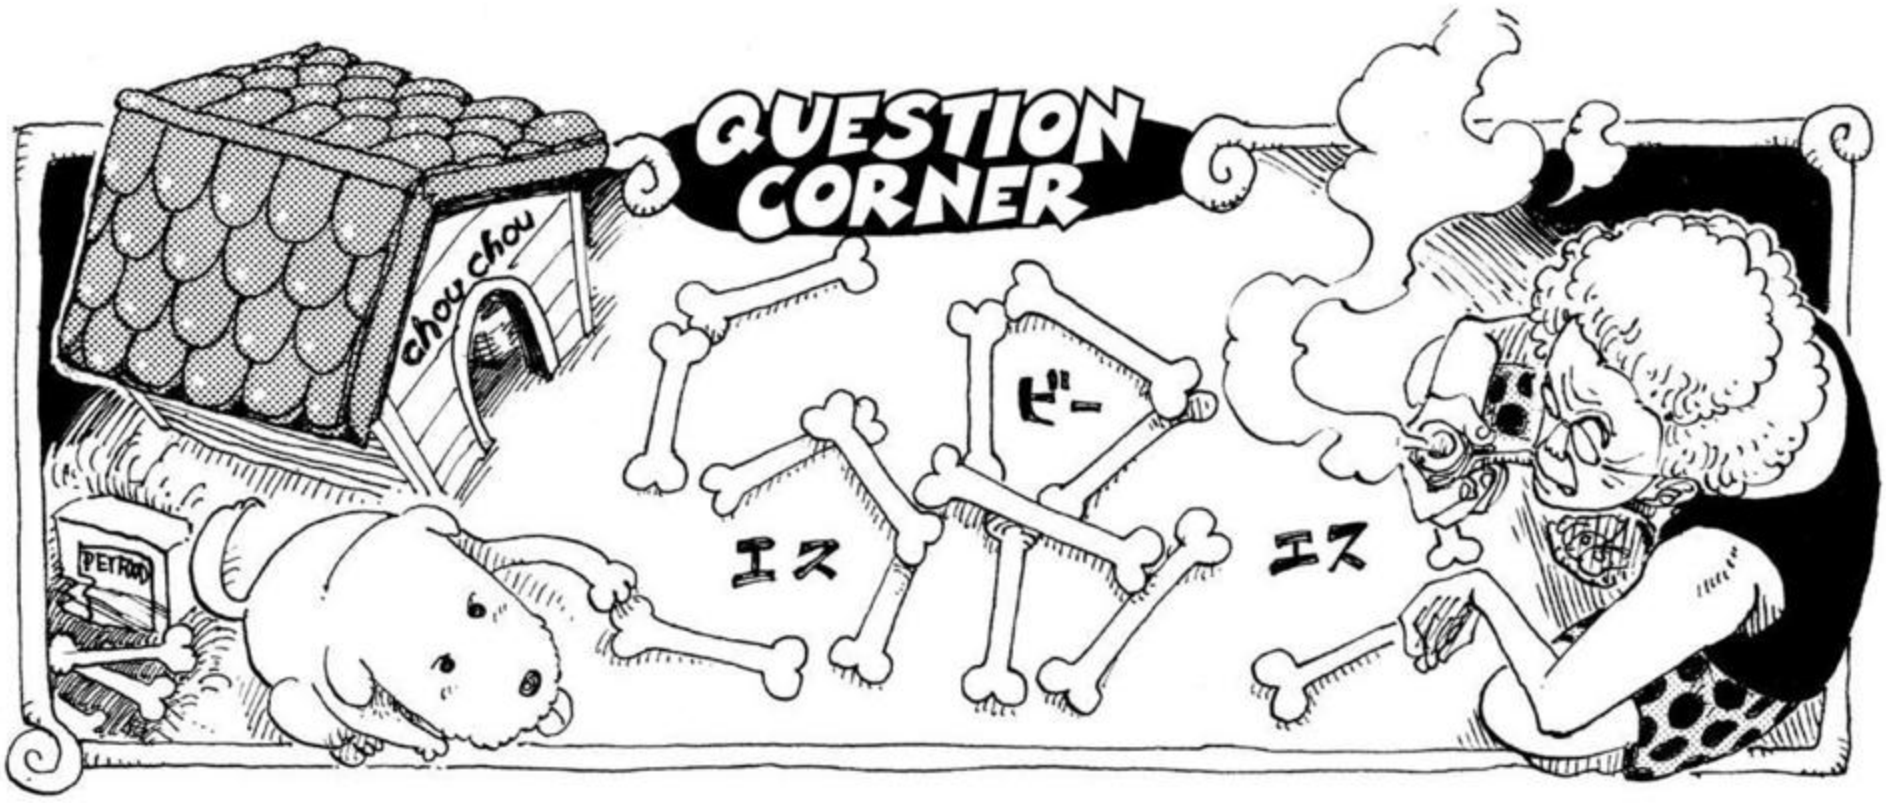
I'M GENZO, CAPTAIN.



Q: Hey, you!! Nami-lover from Volume 7!! Wanna fight?! I definitely love Nami more than you do!(x100) But I like you too! Am I crazy? Let's be friends.

A: You sound confused. Nami-lover from Volume 7, be his friend, okay?

Q: In the SBS Question Corner in Volume 7, it said that Sanji is 19, but my friend and I discussed it and we think that's a lie. How old is he really?

A: I'm sorry if you think it's a lie, but it's true. True, I tell you!!

Q: Why did "Red-Shoes" Zeff" eat his right foot? Wouldn't it have been smarter to eat his left foot?

A: Bzzz. That's wrong, actually. The plant foot is the foundation of a strong kick. How could you kick a ball with your right foot if you had no left foot to stand on? You couldn't! Ask a friend who plays soccer. A good hard kick depends on the foot that supports your weight!!

Q: Stand at attention, Oda Sensei! Put your pen down! STOP writing manga! I have a question. My older brother and I take turns buying **One Piece** graphic novels, but we've ended up with two copies of Volume 5. What should we do? You are permitted to pick up your pen if you were listening.

A: Let's see...Why don't you buy five more copies of Volume 5? Then the fact that you bought two copies will seem like no big deal and you'll just laugh it off! Can I pick up my pen now?

Q: Luffy needs a musician for his crew, so why hasn't he come to my house? Is it because I don't live near the ocean? Or is it because I'm actually an alien from outer space? Or is it because my feet stink?

A: It's the feet. Well, that's it for the SBS Question Corner--until the next volume!!
